

History Knowledge Organiser		
Year group: 3	Topic: Stone, Bronze and Iron Ages	Golden Threads: Culture and Civilisations Inventions and Innovations Conflict and Resolution

Key Vocabulary	
Artefacts	Objects made by a human that is of historical interest to people of a different time
Archaeologists	A person who studies human history and prehistory through excavation (digging) and analysing artefacts.
Hunter-gatherer	A term to describe how the early Stone Age people lived– they needed food to survive and used hunting and gathering as their main source and focus.
Stone Age	A prehistoric period when weapons and tools were made from stone, bone or other organic materials.
Bronze Age	Came after the Stone Age; man had adapted and used bronze metal for weapons and tools,.
Iron Age	Came after the Bronze Age; iron was stronger and more lightweight than bronze and tools and weapons became more sophisticated.

My outcome will be:
An understanding of the way in which people lived in a time of pre-history, and how this changed over three defined time periods.

What key skills will I have by the end of this journey?
I will interact with and use knowledge gained from artefacts to make judgements about people in history.
I will begin to understand how sources can give different information.
I will collate and summarise new knowledge and understanding.

What key knowledge will I know by the end of this journey?
To know how people lived and how adapted to life and challenge in the Stone, Bronze and Iron Ages.
I will know how technology of the day developed and made peoples lives better and easier.
I will be able to distinguish between the three periods and know how they were driven and made better by innovations that used the materials they are named after.

Links to previous and future learning:			
In Year 3	In Year 4 Culture, change and invention in the Roman, Anglo-Saxon and Viking periods of Britain.	In Year 5 Culture, change and invention in the Mayan period.	In Year 6 Culture, change and invention in Ancient Greece.
